EVO Wi-Fi

REF: 13NXAKFH00006

F-60 EVO does change your point of view: a 1080p60 fps full HD on board camera - 10 frames per second, 16 mega photo, waterproof up to 100m, and, above all, wifi: this means you can control your camera through your smartphone/tablet (check Apple Store and Android Store searching for Nilox f-60 EVO), you can save your photos and videos and/or share with your friends immediately. EVO does include the LCD backscreen and a number of useful accessories (even a microphone!). EVO was tested in extreme situations, hence it is ready to stay with you anywhere and anytime. EVO has a full range of available accessories: choose your favourite ones and wear your cam in your adventures. Other features: 10X digital zoom, auto-start/stop with G-sensor function, 1500mAh high-capacity li-battery, image 180 turnover.

1 Wireless Display, 1 Transmitter, 1 Clip, 1 Bandage, 1 Holder, 1 Suction Cup, 1 Power adapter, 1 AV Cable, 1 Bag, 1 User Manual

ACCESSORIES

empower your action cam!

ACCESSORIES

WATERPROOF CASE

REF: 13NXAKCS00001 (FOOLISH) / 13NXAKCSSB001 (F-60)

Waterproof case compatible with FOOLISH and F-60 line, suitable for action cam + back-screen. You will be able to see your shooting even underwater.

SILICONE CASE

REF: 13NXAKSCF600x (F-60) / 13NXAKSCEV00x (F-60 EVO) / 13NXAKSCMF00x (MINI F)

Brighten up your action cam with a colourful Nilox silicone camera case. Protect against scratches and improve standard battery performance.

LCD BACKSCREEN

REF: 13NXAKDI00001 (FOOLISH, F-60)

External LCD to display the shot images in real time. Compatible with FOOLISH and F-60 line.

VENTED HELMET STRAP

REF: 13NXAKAC00004 (FOOLISH, F-60, MINI F) / 13NXAKACEV004 (F-60 EVO)

Vented helmet strap for biking, kayaking, canyoning and more...
One size.

PIPE CLAMP MOUNT

REF: 13NXAKAC00010 (FOOLISH, F-60, MINI F) / 13NXAKACEV010 (F-60 EVO)

Adjustable holder for fixing your cam to the handlebars of your bike or to the boom and suitable for any tube with diameter from 1,9 cm to 3,5 cm... Equipped with a hinged arm that allows to adjust the angle.

SUCTION CUP MOUNT

REF: 13NXAKAC00007 (FOOLISH, F-60, MINI F) / 13NXAKACEV007 (F-60 EVO)

Ultra-resistant suction-cup support for car... Not recommended for surfboards, snowboards or other high impact sports.

AQUA FLOATING

REF: 13NXAKAC00012 (FOOLISH, F-60, MINI F, F-60 EVO)

Aqua floating, the newest accessory that makes your action cam float in water and always stay within your sight reach. Thanks to the 3M sticky tape you can fix the float directly on the back side of your waterproof case.

Attention: Aqua floating cannot carry the weight of the suction cup support, which is not recommended for all high-impact water sport activities.

BOARD SUPPORT

REF: 13NXAKAC00005 (FOOLISH, F-60, MINI F)

Revolutionary adhesive accessory to fix the action cam to your board. Ideal for snowboarding, kite-surfing, surfing, etc...

CHEST MOUNT HARNESS

REF: 13NXAKAC00003 (FOOLISH, F-60, MINI F) / 13NXAKACEV003 (F-60 EVO)

Adjustable chest harness, ideal for shooting videos from a lower point than the head, excellent for skiing, mountain biking, motocross, canoeing and kayaking, etc...

HEAD STRAP MOUNT

REF: 13NXAKAC00002 (FOOLISH, F-60, MINI F) / 13NXAKACEV002 (F-60 EVO)

Elastic and adjustable head strap. Ideal for snorkeling, mountaineering and soft air...

FLAT/CURVED ADHESIVE HOLDERS

REF: 13NXAKKI00001 (FOOLISH, F-60, MINI F) / 13NXAKKIEV001 (F-60 EVO)

Set of 3+3 adhesive pads for fixing the action cam on flat and curved surfaces...

SELF TIME

REF: 13NXAKAC00006 (FOOLISH, F-60, MINI F) / 13NXAKACEV006 (F-60 EVO)

Extendable aluminum alloy telescopic mount (from 22 to 72cm) with sponge grip. Perfect for action shots of yourself from a new point of view!

RECHARGEABLE BATTERY

REF: 13NXAKAC00011 (FOOLISH, F-60) / 13NXAKACEV011 (F-60 EVO)

Rechargeable lithium battery. Compatible with FOOLISH, F-60 and EVO line.

Size and weight: 190x90mm, 3,5 mm audio plug.

Beach, pool, rain: do not worry about your smartphone anymore. The exclusive Federica Pellegrini design is compatible with all smartphones. External jack connector 3.5 mm to listen to the music.

IN THE BOX: 1 Aquaphone cover unit with adjustable and detachable armband

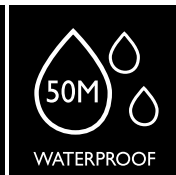

SWIM & LAP COUNTER

WATERPROOF LAP COUNTER

REF: 30NXCUMA00001

Thanks to its excellent design, you can count and time your laps by simply pressing the button with your finger. Water resistant up to 50 meters, SWIM & LAP COUNTER allows you to keep count of lengths and results even in the water!

IN THE BOX: 1 product unit, 1 user manual

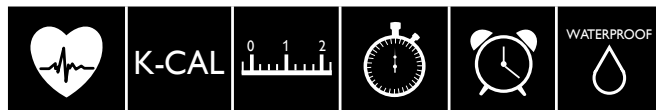

OUTDOOR - FITNESS

enjoy your life with Nilox!

OUTDOOR

HEART DISTANCE WATCHTRAINER

REF: 30NXOCPO00001

It measures heartbeats, distance, time and burned calories with extreme accuracy. HEART DISTANCE WATCHTRAINER is water resistant up to 30 meters.

IN THE BOX: 1 watch - 1 heart rate belt - 1 user manual

FITNESS STEPCOUNTER

YOUR PERSONAL TRAINER

REF: 30NXCP000001

Step counter, burnt calories, distance walked, chronometer, and clock: FITNESS STEPCOUNTER helps you to keep fit. The unique design of “flip-up” allows you an easy reading of your results without having to release the product while you train.

IN THE BOX: 1 product unit - 1 user manual - 1 x CR2032 (3V) battery

RUNNING SAFETY LED

REF: 30NXL50000001

Nilox introduces RUNNING SAFETY LED, a unique product that allows you to train with more security, even in the dark. You can put RUNNING SAFETY LED on your favorite shoes. The LED creates a fixed or intermittent lighting. The product is compatible with the most common brands of sports shoes. Battery life: 140 hours with blinking light, 70 hours steady one.

IN THE BOX: 1 led unit (RED led light) - 2 x CR2032 battery (included)

BACKPACK SAFETY LED

REF: 30NXLP0000001

Train even in the dark in full safety wearing BACKPACK SAFETY LED. Provided with a hook, it can be hung everywhere (zip, belt, bike) or put on like a bracelet (max. diam. 7,5cm). LED gives out either a solid or blinking lighting. Battery life: 140 hr with blinking light, 70 hr with solid light.

IN THE BOX: 1 led unit (RED led light) - 1 x CR2032 battery (included)

SAFETY LED BAND

REF: 30NXLA0000001

Train even in the dark in full safety, wearing SAFETY LED BAND around your arm or ankle. This LED gives out either a solid or blinking lighting. Battery life: 140 hr with blinking light, 70 hr with solid light.

IN THE BOX: 1 led unit (RED led light) - 2 x CR2032 battery (included)

MULTISPORT SAFETY LED

REF: 30NXLB0000001

Great security also to effect expenditures on road in night-blooming with Multisport safety led. The Led produces a fixed or intermittent lighting. Battery life: 140 hours with a flashing light, 70 with a steady light.

IN THE BOX: 1 led unit (RED led light) - 2 x CR2025 battery (included)

DJ-NX1

DJ HEADPHONES

REF: 10NXCUDJPE001

by Federica Pellegrini

DJ-NX1 are the headphones of the sport champions! Comfortable and elegant DJ headphones, created for real music lovers and for those who are always on the go. They are equipped with the latest high precision sound technology. Thanks to an ergonomic design, they fit perfectly to the ears, optimizing the acoustics and soundproofing from surrounding noise. They are compatible with SwimSonic mp3 Player (through the jack adapter included in the package).
